The **Electrical Wire Processing Technology Expo (EWPTTE)** is the wire harness manufacturing industry's exclusive event for electrical wire harness, wire, coil winding and cable processing. It's where the industry comes together to access new technologies find solutions to challenging wire problems through training and education and network with industry leaders and subject matter experts.

Featuring **over 200 of the industry's leading suppliers and manufacturers**, EWPTTE is **where the industry comes together** to access new technologies, innovative products and services and to help you find solutions for challenging wire problems.

Produced by the Wiring Harness Manufacturer's Association (WHMA), IPC and the Wisconsin Center, EWPTTE attracts:

**3,000
attendees**

**representing more than
40 states**

**and 25
countries**

EWPTTE attendees design, specify, purchase, install, sell, maintain, or manufacture electronic cable assemblies, cord sets, wiring harnesses and other related products for the following industries:
